

Overland Adventure to Iwokrama Rainforest Reserve & Canopy Walkway

Duration: **3 days**

Price: **USD\$ 695. per person**

Minimum Group size: **6 persons**

Category: **Moderate Adventure**

The Overland Adventure to Iwokrama Canopy Walkway, entails traveling vehicle on the Linden to Lethem dirt trail. This can sometimes be an arduous journey. However, it allows one to experience Guyana's Hinterland, showcasing the Iwokrama Rainforest Reserve, home to a myriad birds and other wildlife, no less than elusive jaguar, South America's largest cat.

Day 1-Georgetown to Iwokrama: At 07.00 hrs depart Georgetown by vehicle along the Linden Soesdyke Highway and onto the Linden to Lethem Dirt Road, with stops at Mabura for meals etc. before arriving at Kurupukari on the Essequibo River. Crossing is by barge onto the Iwokrama Rainforest Reserve & Field Station Lodge. In the afternoon experience the nearby trails with an Iwokrama Ranger. In the evening, venture out on the Essequibo River, caiman spotting. Overnight Iwokrama River Lodge (D)

Day 2-Atta Lodge & Canopy Walkway: After breakfast continue by vehicle thru the forest reserve, which is one of the best places to see the jaguar. Common along the trails are Black Currawong, Macaws, Toucans, Red romp Agouti etc onto the entrance to Atta Lodge and Canopy walkway. The Iwokrama Canopy Walkway is situated at Mauisparu, 73kms south of the Iwokrama Field Station & River Lodge. The walkway has four suspension bridges leading to three platforms, the highest of which extends 30 metres above the forest floor and provides a good opportunity to see lots of bird. From this tree top vantage you can sometimes see Red Howler Monkeys and Black Spider Monkeys. Enjoy a full day exploring the forest around Atta Lodge, and also the clearing around the lodge, where you will have an excellent chance of spotting the Crimson Fruit Crow. Overnight at Atta Rainforest Lodge (BLD)

Day 3- Canopy Walk & Departure: at 06.00 hrs experience the dawn chorus of the forested canopy. Amongst the likely highlights are Painted, Brown-throated and Golden-winged Parakeets, Caica Parrot, Guianan Puffbird, Waved and Golden-collared Woodpeckers and Spot-tailed, Todd's and Ash-winged Antwrens. The walkway is also an excellent place to look for various species of cotinga including the poorly known and range-restricted Dusky Purpletuft and if there are any suitable fruiting trees nearby, we stand a good chance of seeing this bird, as well as the more widespread Purple-breasted Cotinga. At 10.00 hrs depart by vehicle for Georgetown with stops for meals etc. Traffic is only very occasional and wildlife is often seen along the road, such as Agouti, Tayra, Puma, Tapir and Black Curassow. (B)

Included:

All transportation & accommodation
Services of English speaking guides – please note that you will have a different guide in each place on the itinerary, rather than the same guide throughout the trip
