Kaieteur National Park, is home to Guyana’s premier tourist destination, Kaieteur Falls, a spectacular site, five times higher than Niagara Falls, and one of the most powerful waterfalls in the world. First seen by Europeans in 1870 it was known to indigenous people before this – the legend is that it was named after a great chief. Although there are taller and wider falls, Kaieteur’s distinction comes from its combination of both volume of water and height.

Iwokrama Forest covers nearly a million acres and is home to a bewildering array of different species. Its name means ‘place of refuge’ in the language of the Makushi Amerindians, who retreated here to avoid the predations of the slave trade. Iwokrama was established as a centre for the study of the rainforest and has been set aside to promote sustainable tourism within the region. Wildlife here includes Jaguar, Caiman, Howler and Spider Monkeys, rodents such as Pacas and Agoutis, and Peccaries among numerous other species. The birdlife here is equally spectacular, with Toucans, Macaws, Hummingbirds and the sought after Guianan Cock-of-the-Rock. The Iwokrama Rainforest is a vast wilderness of one million acres. This protected area was established in 1996 as the Iwokrama International Centre for Rainforest Conservation and Development. The Forest is in the homeland of the Makushi people, who have lived here and used the forest for thousands of years

**Friday- Georgetown to Iwokrama River Lodge:** 07.00 hrs, transfer to Eugene F.

Correia for your flight to the Iwokrama Rainforest Reserve. Today, explore the trails around the river lodge with an Iwokrama Ranger and venture out on the trail, which is one of the best places to see the elusive jaguar. Overnight Iwokrama River Lodge (LD)

**Saturday- Turtle Mt Hike & Piraiba Lodge:**

After breakfast, journey by boat down the Essequibo River to Turtle Mountain, for an exhilarating climb up the mountain to its summit at 935ft (approx. 360m). It takes 1 3/4hrs

to walk up the mountain, but the effort is more than worth it for the breathtaking views over the forest canopy when you get there and chances of Green Aracari, White Bellbird or a fly-by of one of five types of Eagles. This trail is also a great location for seeing Black Spider Monkey and Red Howler Monkey and if we are very lucky even a Jaguar. This pristine forest offers huge buttress trees and the endemic Greenheart, a highly sought after

hardwood. Return to the River Lodge for lunch and continue by boat up the Essequibo River. The boat ride ends at Adventure Guianas Piraiba (Lau Lau) Lodge, which is situated on the Eastern Bank of the Essequibo River, deep into the Jungles of Guyana. This facility offers guests a mixture of comfort and rusticity, surrounded by pristine rainforest, full of wildlife. This evening we would do a bit of fishing whilst observing the several species of macaws, toucans etc returning to their habitats to sleep. After dark, we’ll set out on the river, in hopes of finding the Black Caiman and listen for night birds such as Spectacled Owl, White-winged Potoo, Rufous Potoo, Long-tailed Potoo, Zigzag Heron or Blackish Night

Jar. Overnight Piraiba Lodge (BLD)
